In order to progress from the first to the 2nd year of the programme, students must achieve a minimum overall course average of 60%, and must have achieved a mark of at least 40% in each element of the programme. Students who do not reach this standard may have the opportunity to re-sit the core courses EC4201, EC4202 and EC4203 in the summer, or repeat the first year. If students do not meet the requirements for progression to the 2 year, they may be eligible for a Graduate Diploma. If students meet the requirements for progression but decide to exit the programme, they will be eligible for a Graduate Diploma. In order to be awarded the Diploma, the student must achieve a mark of at least 40% in each taught course of the programme.

Section 2 – degree programme costs

| | |
|------------------|--|
| Essential costs* | There are no single associated costs greater than £50 per item on this course. |
|------------------|--|

* These estimated costs relate to studying this particular degree programme at Royal Holloway. Costs, such as accommodation, food, books and other learning materials and printing etc., have not been included, and further information regarding these can be found on our website.

Section 3 – useful vocabulary

We understand some of the terminology used in this document may be new to you, and may differ from that used by other universities. To help with this, we have provided a brief description for some of the most important terminology:

Degree programme – Also referred to as 'degree course' or simply 'course', these terms refer to the qualification you will be awarded upon successful completion of your studies.

Course unit – Also referred to as 'module', this refers to the individual units you will study each year to complete your degree programme. Masters programmes consist of a number of taught course units – some mandatory and some optional - plus a dissertation/ project to the value of 180 UK credits in total. On completion of a minimum of 120 UK credits a student may be awarded a Postgraduate Diploma, while on completion of a minimum of 60 credits a student may be awarded a Postgraduate Certificate. Some Masters programmes may have progression requirements (where they are offered over more than one year of study) or pass requirements for degree title if they are accredited by a professional body.

H/EU – Different categories of students pay different levels of tuition fees. H/EU stands for students with Home or European Union fee status.

Overseas – Non-EU students are liable to pay the overseas rate of tuition fees, and are sometimes also referred to as international students.
